Mothers' Council Will Hear Wetherill Monday

Remember that Monday next is the "third Monday" and the regular meeting night for the Narberth Mothers' Council.

Mr. Wetherill, who has taken charge of the playground and out-of-door activities as well as manual training, will give a talk.

Mrs. Wood and Miss Church will award prizes and certificates for summer reading, and Mrs. Van Auken has a report on the summer round-up.

That is a program that will bring out most of the Council members; and to any other women who are interested, the Council extends a most cordial invitation to join with them in the Narberth school library at 8 o'clock on October 21.

(By an Officer.)

Athletics' Stars to Attend Banquet Here

Dykes, Miller and Foxx to Be Guests at Baseball Dinner Thursday.

WILL BE AT ELM HALL

Ladies and gentlemen, we have the honor to announce that none other than three members of the World's Champions Athletics, Messrs. Dykes, Miller and Foxx, will be present at the annual testimonial banquet to the Narberth Baseball Club on Thursday, October 24, at Elm Hall.

This good news, it is true, will be of more interest to the gentlemen than the ladies, inasmuch as the limited capacity of the hall precludes their participation.

Tickets are reported to be going fast for the banquet so it behooves all those who wish to attend, and this should include about all baseball fans in town, to see that they get their pasteboards without delay. They may be had at Davis' store or from any officer of the ball club.

This will give Narberth fans an exceptional opportunity to get closeups of three of the most popular members of the slugging Athletics. Bing Miller, you will recall, was the man whose double in the ninth of the last game won the game for the A's by driving in the winning run after Simmons had doubled and Foxx had been purposely passed to "get" Miller.

In honoring these members of Connie Mack's crew, Narberth will likewise honor its own baseball champions, who enjoyed one of the most successful seasons in the history of Narberth baseball. Not content with capturing the championship of the Main Line League, Manager Davis' boys, in post-season games, trounced the champions of the Bux-Mont League and then the winners of the North Penn League. This surely is an enviable record.

Remember the date—Thursday, October 24, at Elm Hall.

'Our Town' Office Now Open at All Times

For the past year Our Town's office at 258 Haverford Avenue has been open less than half the time, as the local editor has found it necessary to be out a large part of the day.

Effective this week, the office has been put on a full business-hour schedule, for the convenience of readers or advertisers. The office will be open from 9:00 until 5:00 daily and until noon Saturdays. E. L. Paxson will be in charge, assisted by a clerk. Editors T. A. Elwood and R. M. Cameron will be in the office frequently.

In addition to the above, the office will usually be open Wednesday evenings for the receipt of last-minute news. On such weeks the office will open late the following Thursday morning. Two phones (Narberth 2545 and Cynwyd 811) are installed in the Narberth office. Calls may also be sent to the business office (Ardmore 3100).

Stop Signs Ordered For Borough's 'Thru' Streets

Thirty-eight "Stop" signs have been ordered by the Borough to be placed at intersections of through streets, recently established. It is expected that these will be in place some time in November. The "Through" streets will be Narberth, Essex, and Wynnewood Avenues.

Additional efforts at traffic control in the Borough were evidenced with the appearance of "buttons" at the intersections of Narberth and Haverford Avenues, Essex and Haverford and Wyndale Road and Essex.

The ordinance establishing the "Through" highways was passed on second and third readings at Council Monday night. The ice cream ordinance, recently passed, was reported by the Water, Light and Health Committee as in effect, the thirty-day period having lapsed.

The Board of Adjustment, in a letter included in the report of the Building Committee, gave permission to the Page Shop of Haverford to operate a branch in the Old Forge Building at the corner of Haverford and Montgomery Avenues, providing no alterations were made which would change the historic nature of the building.

It was brought out at Council that the county authorities intend to place voting machine option on the ballot at the November election.

Trustees Re-elected

The Rev. Robert E. Keighton was re-elected president of the Board of Trustees of the Narberth Community Library Association at its meeting last Tuesday. Those whose terms had expired and were re-elected included the Rev. Keighton, Mrs. Elizabeth K. Wood and Mrs. E. C. Drew. Mrs. E. H. Cockrill was elected vice president of the Board, and Mrs. Drew and Mrs. C. W. Bates were re-elected secretary and treasurer, respectively.

The Dr. Benjamin Rush Chapter, N. S. D. A. R., will meet on Monday, October 21, at 2.30 P. M. at the home of Mrs. John C. Nash, 81 Wynnedale Road, Narberth. The Regent, Mrs. Charles M. Irvine, will preside and Mrs. Charles M. Shaw, national defense chairman, is in charge of the program and has secured Commander S. B. McNair, U. S. N., of the Fourth Naval District, as the speaker.

Thrown and Injured in Race, Will Act in Play

Hamilton B. Shepherd, of Cynwyd, riding in a flat race at the Rose Tree races at Media on Monday, was thrown from his horse, suffering a fractured shoulder and two broken fingers. An X-ray of his injuries was made at the Bryn Mawr Hospital on Wednesday.

Shepherd, who had been leading half way round the course when thrown, was picked up unconscious. He landed on his hand, breaking his fingers and rolled over striking his head.

According to his friends he intends to be at the races on Saturday and will also take his scheduled part in the Main Line Repertory Theatre's performance of "The Circle" on October 29 at the Women's Club, Bala-Cynwyd.

Narberth to Begin Campaign Monday

Federation Team Captains Are Entertained at Tea by Mrs. Stites.

LIST NAMES OF WORKERS

Wednesday afternoon of this week Mrs. Fletcher Stites served tea to the captains of the Welfare Federation drive of Narberth and vicinity and to their workers.

Miss Joan Wollaston, division secretary, was the guest of the afternoon, and brought to this group of busy women some real enthusiasm.

Miss Wollaston stressed two agencies that Narberth should be especially interested in, namely the health work of the Community Health and Civic Association in Ardmore and Montgomery County Children's Aid. She also gave these statistics of services rendered on the Main Line:

Sixteen thousand nine hundred and ninety-six visits made by public health nurse; 23,392 days' care given to convalescents and incurables; 1684 days' care given to sick babies in hospitals; 22,384 visits made by boys and girls of community centers; 17 troops Boy Scouts; 19 troops Girl Scouts; 8736 days' care given to girls and boys in summer camps; 41,419 days' care given to children in foster homes by child placing organizations; 1000 visits inspection of housing conditions.

Board of Trade Plans Campaign to Show Local Trade Advantages.

30 AT SUPPER MEETING

An enthusiastic meeting to lay plans for a banner Christmas shopping season in Narberth was held Tuesday night at the Brynwood Manor Inn. The Narberth Board of Trade, with about 30 members present, made this the first supper gathering of the current year.

The growth of the local shopping district, the advantages offered to residents by the merchants here, and plans for further growth featured the speeches and discussion. There will be a determined effort made to show everyone the value of home buying.

Speeches were made by the president, C. C. Keesler, by Burgess Henry A. Frye and by W. Russell Green. All dwelt on the opportunities of a

Took Out No Permit

To the Editor of "Our Town":

I think that some time in May, 1929, there appeared as a news item in your paper to the effect that a permit had been taken out for the erection of a garage at 303 Conway Avenue.

This was an error and has resulted in some adverse criticism on the part of our neighbors at 305 Conway Avenue who have since erected a garage on their property.

I wish that you would investigate and make a correction in the next issue of your paper so that there will be no more talk about this matter. We did, however, take out a permit on August 27 for the erection of a garage at 303 Conway Avenue, but not before.

J. C. VAN NEWKIRK.

(Editor's Note: Our Town regrets the apparent error in address and is glad to record this correction.)

WILLIAM H. FLAKE

Funeral services for William H. Flake, of Penshurst Farms, Narberth, who died on October 13, were held from the residence of his brother, George Flake, at Medford, N. J., on Wednesday. Interment took place at the Baptist Cemetery. Mr. Flake, who was 81, was in the employ of Penshurst Farms for about twenty-five years.

WILLIAM B. HENSHAW

Services were held on Monday for William B. Henshaw who died October 10 at the age of 49 at his late residence 208 Iona Avenue, Narberth. Solemn Requiem Mass was held at St. Margarth's Church, Narberth, at 9:30 A. M. on Monday. Mr. Henshaw was employed for about fifteen years by the Autocar Company, Ardmore. He is survived by his wife, Katie T. Henshaw. Interment took place at St. Denis' Cemetery.

Do you always remember the social obligations of a dinner guest to send flowers in advance to the hostess?

For these appreciations of hospitality we feature special cut flower arrangements which while dainty and artistic are sufficiently inexpensive to prevent the cost from serving as excuse for non-observance of a gracious social custom.

Motorcycle Escort and a 'Decorated' Car Help Officer Brown to Celebrate His Wedding on Tuesday

Officer Ralph Brown is married. Lest you are in the dark, Officer Brown, better known as "Brownie" to his multitudinous friends, is the handsome and smiling minion of the law who is usually to be found at Ardmore's busiest corner, Cricket Avenue and Lancaster Pike.

It seems that one held high in the public esteem cannot be married without creating considerable commotion. Officer Brown's comrades on the Lower Merion Police force decided that the opportunity should not be lost. They were fond of their friend and wished to properly impress him with the extent of their affection. So how did they go about it?

The wedding took place in the Church of the Good Shepherd at Rosemont, which is at a fitting distance from Police Headquarters at Ardmore. A taxi was left outside the church.

"Now this is just too bad," said his comrades, "that our friend should have

to be driven in a cab away from his wedding. We will take care of him." Thereupon a vehicle on four wheels that could still move under its own power was substituted for Officer Brown's taxi, and upon this derelict were placed the usual billboard signs which endear newly weds to the multitude. This rig was manned with a chauffeur and four horn blowers, at the conclusion of the wedding, was driven, with the bride and groom aboard, at six miles an hour down Lancaster Pike to the Township Building, Ardmore, to receive the blessing of Superintendent of Police Smith. Not content with providing Officer Brown with transportation gratis, his comrades, in order to do him honor, provided him with a motorcycle escort surrounding his machine.

And so Officer Brown was married with pomp and circumstance, and his many friends both within and without the force wish him and his bride all luck, success and happiness in the years to come.

Welfare Federation Drive Will Start Monday Here

CONTINUED FROM THE FIRST PAGE

These projects are all certainly worthy of our support and the welfare workers will give to each one in Narberth an opportunity to assist in this work.

The committee at large is asking that the men of the borough and this neighborhood give through Narberth rather than through their places of business.

Remember this coming week, beginning October 21, is the time slated for the Welfare Federation Drive. During this week an effort will be made to solicit each home in Narberth, asking you to share in this great work. No matter how large or small your giving to the worker calling upon you will be happy to take care of it or your promise for the same.

A complete list of the captains and their workers is as follows:

1—Captain, Mrs. William Newman; workers, Mrs. W. N. Mills, Mrs. Charles Shaw, Mrs. Adolph Vogel and Mrs. H. Miesusset.

2—Captain, Mrs. L. M. Trotter; workers, Mrs. John Burrell, Mrs. Charles Breerwood, Mrs. C. J. Goodyear, Mrs. C. Rinehart, Mrs. Nelson Rowley, Mrs. A. C. Staples, Mrs. Allan Kirk, Miss Trowbridge and Mrs. George Supplee.

Board of Trade Meets to Plan For Christmas

suburban business community, and brought out ideas for taking advantage of the opportunities.

Colonel Keesler spoke from a wide experience as a salesman, in the course of which time he visited nearly every town of any size in the United States and Canada and many in Mexico. His speech was an inspirational one, and brought out the growing trend of business to seek the less congested sections.

Mr. Frye's talk was based on the rapid growth of Narberth. With a population of but 4000 a few years ago, more than 6000 residents are now living within the borough, and 10,000 in the trading section. The State reports that autos are increasing here at the rate of more than 50 a year—and have been for some time. Nearby territory is rapidly being built up.

Mr. Green, from his long experience as an advertising man, stressed the motto: "Keeping everlastingly at it brings success." He urged a permanent, constructive advertising policy.

Two major plans were discussed for Christmas trade improvement. R. J. Threlfall, local manager of the J. Richard Shryock Store, presented a carefully worked out scheme for special lighting of the business section, which will be taken up for later consideration.

Several members urged widespread and continuous advertising to sell the advantages of the Narberth business section. A committee of four will work out the plans. They are W. Russell Green, Chris Koch, William H. Fowler and Mrs. George Norman Gill.

Benefit Picture Secured

One of the finest motion pictures of the year, "Show Boat," has been secured for the benefit to be given at the Narberth Theatre on Monday, Tuesday and Wednesday, October 28, 29 and 30, by the Welfare Committee of the Women's Community Club. Tickets may be secured from any member of the committee of which Mrs. Charles H. Shaw is chairman.

Cheltenham Easy For Lower Merion

Aggressive Ardmore Team Uses Straight Football in 19-0 Win.

FORWARD PASSING WEAK

Lower Merion won a hard struggle from Cheltenham last Saturday at Ardmore by a score of 19 to 0. Coach Adam's eleven did not have to resort to any tricks to down the invaders, but used only driving off-tackle plays and line bucks, occasionally mixing in a sweeping end run to spread the defense.

The first touchdown came a minute or two after the first quarter had ended, and culminated a steady march down the field with Tip Peters and Captain Perk Scott alternating in carrying the ball for substantial gains. Al Mandes aided these two by running splendid interference and occasionally taking the ball for five yards or more. Peters made the touchdown from the five yard line.

The second score came just before the first half ended, and was scored somewhat like to the first. Lower Merion took the ball on their own twenty-two yard line and worked it down the field to the ten yard line. Al Mandes put it in position to score by a nice seven yard run off-tackle. Peters again took the ball over for a touchdown. Lockwood's point after the touchdown on the first try made the score 13 to 0 for the Maroon, and the first half ended with a substitute backfield at work for Lower Merion right after the kickoff.

In the second half, Lower Merion started right off with more scoring tactics by aggressive playing on the part of the linemen. After Cheltenham had run back the opening kickoff to their forty yard line, a visiting back fumbled momentarily and John Pennypacker, who resides on Ardmore Avenue, happened to be on the job and plucked the ball from the air and galloped the forty yards to the goal line for a touchdown. This ended the scoring for the day, a bad pass from center making the extra point impossible.

Lower Merion entered the game badly crippled with the loss of their best linesman, Andy McLaughlin. Andy had his left shoulder badly crippled in scrimmage last week, and it is likely that he will not return to the team this season. His work at tackle will be sorely missed by Coach Adam's boys, as he was turning in the best line play seen at L. M. in many a moon. James Turner and "Lardy" Jones took Mac's place and played consistent ball.

The end play of John Pennypacker, newly appointed first string linesman, was exceptional all through the game. He went down fast under punts, nailing his man by fine tackling.

Keith Parks, Al Mandes, Tip Peters and Perk Scott make up a fine backfield combination for Coach Adam, in fact one of the best that Lower Merion has had in many years. The one thing lacking to make it an all-around threat is good passing. Lower Merion does not play a passing game, but a good passer is needed on every football team these days. If Mandes and Peters could do no more passing and develop accuracy and distance, Lower Merion's chances for an undefeated season would be enhanced. Parks is a good passer, but plays have not been designed to permit him to do the passing.

FORE AND AFT

We note with pleasurable anticipation that the first production of the Main Line Repertory Theatre is scheduled for Tuesday, October 29, at the Women's Club of Bala-Cynwyd. The vehicle chosen for the initial performance is Somerset Maugham's "The Circle." This group of drama enthusiasts, all residents of the Main Line, last year produced three plays at Belmont Mansion which were so well received that a more ambitious program of six dramas will be given this year. The performances will be more accessible this year than last so that a larger number of play lovers may profit thereby.

* * *

It was inevitable that Ibsen should sooner or later be served to the Main Line from the Hedgerow Theatre fare—and we can only ruminate on why it has not been served much sooner. For, if we know our Hedgerow as we think we do, Ibsen is generously represented in the Hedgerow Theatre gallery, not only by his own plays but by the plays of the other 62 or 63 authors represented in the repertory. It is almost primer recitation to recall that Ibsen has been a very forceful influence on all the drama that is still being performed or written. It is the first vehicle of the new drama—"A Doll's House"—which will be presented by the Hedgerow Theatre on Wednesday evening, October 23, at The Little Theatre, Berwyn.

And here our journalistic instincts cause us to pause and to consider the Ibsenites—the most inconsistent people we know of. Ibsenites will find their intelligence already insulted—perhaps—by the unraveling above of the Ibsen influence. Not to add to the injury we omit the outline of the story of "A Doll's House." Ibsenites want to see—and not to be told.

The cast, however, which would not be known, can safely be told. Gretchen Anton-Smith will be seen in the leading role of Nora; Ferd Nofer as Torvald Helmer, the husband; Jasper Deeter as Dr. Rank; Dudley Vaughan as Mrs. Linde; Harry Bellaver as Nils Krogstad; Philip Hurwitz as the child; Miriam Phillips as the nurse and Helen Craig as the housemaid.

* * *

The magnificent and spectacular Russian opera "Prince Igor" will be the offering of the Philadelphia Civic Opera Company for its opening performance on Thursday evening, October 24, at the Academy of Music. The cast includes Ivan Ivantsoff as Prince Igor; Anna Lisetskaya as Princess Jaroslava; Anna Sablukova as Konchakovna; Demetre Crione as Vladimir Igorevitch; Vladimir Dubinsky as Prince Galitsky; Adia Kuznezoff as Kontchak, and Ralph Jusko as Skoula. Local artists in the cast include Maybelle Marston, Elizabeth Harrison, Louis Purdey and James Montgomery. The ballet will be under the direction of Alexandre Gavrillov, who will also dance the leading role with Vera Strelska as prima ballerina. The choruses will be sung entirely in Russian by the Philadelphia Civic Opera Chorus of eighty voices, while fifty-five members of the Philadelphia Orchestra will be in the pit.

* * *

Strenuous efforts are being made to end Philadelphia's theatre deadlock. An appeal has been issued by the Theatre Assembly, made up of theatre goers on behalf of the public, to producers and musicians to bury their differences. The statement pointed out that "without a theatregoing public, no theatre can survive, and if the present deadlock is to continue much longer it may result in an adverse public sentiment that shall bode no good to either the theatre or musicians."

* * *

In the meantime another theatre falls under the yoke of moviedom. The Erlanger, one of the newest and handsomest of Philadelphia's legitimate theatres, opened last week as a unit of the Radio-Keith-Orpheum interests. Efforts of the Stanley Company to make the R-K-O. outfit keep out of the movie field proved unavailing and the movies began.

Support For the 'Welfare'

The ninth annual campaign of the Welfare Federation begins next Monday morning. Throughout this section and every other section of metropolitan Philadelphia the corps of more than 5000 volunteer team workers will solicit contributions to this great philanthropic undertaking, which once a year raises a fund for the maintenance of its 122 member agencies. The goal this year is \$3,545,000.

The campaign organization in this locality has been perfected to a greater degree than in any previous campaign, and there is every assurance that by the time the campaign ends on November 4 the objective will be attained.

Definite quotas have been assigned this year to each of the sixteen Federation campaign divisions, as well as to each district and to each team in each division, so that every volunteer worker knows exactly what is expected of him or her. The quota for the Main Line division is \$815,355 and that of Bala-Cynwyd, \$24,788.

Those of our neighbors who are giving unselfishly of their time and energy on the Main Line committee are: Robert W. Lesley, chairman; W. Logan MacCoy, vice chairman, and Miss Joan Wollaston, secretary, as well as the leaders whose names were mentioned in last week's issue. The officers from the Bala-Cynwyd committee are: Frank H. Elmore, chairman; Mrs. T. Ewing Montgomery, vice chairman, and Miss Abbie E. Davis, secretary.

It is rather interesting to see how much of the charitable work of the metropolitan area of Philadelphia is to be carried on by our neighboring communities. This is quite reasonable when one considers that the business of most residents of the section is in the city and that most of us have emigrated from the city limits to be further from the living conditions that still need our help to secure relief or improvement.

This movement is one of the most worthy charities presented to us for help each year. It is not only one charity, but a grouping of a great number. The greatest function of the organization to recommend it to the skeptical giver is that it reduces, by efficient business methods, the expense of the solicitation of funds to a point where most of our gifts go directly to the help of the suffering and not to the maintenance of an organization kept up for the raising of money.

It is both our duty and pleasure to back the Welfare Federation with more generous support than ever this year.

Roof Markings

Shall Narberth have a place on air maps as a town with aerial identification? The question at first glance may seem one of little import. Its importance increases however when one realizes that Narberth is one of the markers aimed for by all commercial and air mail aviators heading north and south, to or from Pitcairn Field.

The recent air survey of the borough made for Burgess Henry A. Frye by C. William Glose, of Woodside Avenue, disclosed that the most important building from the upper regions was the roof of the new apartment house on Essex Avenue.

The owners of this building have signified their readiness to have a marking sign placed on its roof. The matter has been placed in the hands of the American Legion, and it only remains for a few public-spirited citizens to dig down in their jeans for a few dollars to enable the Legion to put the project across.

The field of aerial identification is one which is being strongly stressed by the Guggenheim Foundation, and, as an incidental inducement, a scroll of appreciation signed by Colonel Lindbergh is forwarded to all communities meeting the requirements.

A Vast Improvement

The powers of darkness have fled; the Stygian blackness is dispersed! No longer do pedestrians bound to or from the South Side trip and stumble along the dark pathway on the Narberth Avenue bridge.

The powers that be in the Pennsylvania Railroad waved the magic wand and lights were installed.

That New York editor who made himself famous by writing "Lindbergh Flies Alone" succeeded just in the nick of time,

UNCLE CY'S COLUMN

A Hymn of Hate

Reformers are to be despised. Meddlers are not to be tolerated. Lobbyists are a curse. Busybodies are fit for stocks. Ducking stools should be reinstated for the punishment of scolds. Everyone should mind his own business, and not try to mind other people's.

Nothing makes me so tired as having someone else tell me how to conduct myself, my family, my time, my business. The conduct of these matters is a personal matter with me, and I should not presume to tell anyone, except the reformers, how to run his.

To those public pests I should say, "Find yourself an honest, productive, pleasant way of making a living and stop trying to make ends meet by interfering in affairs which do not concern you. Let your neighbor alone, and if you can keep your own house in order, you have performed a work considerably in advance of many good citizens."

Therefore, detesting reformers I suggest beating them at their own reprehensible methods by organizing a "Society for the Reform of Reformers" or preferably a "Society for the Suppression and Extermination of Reformers." We shall campaign and raise huge funds which we will spend on publicity and propaganda. We shall buy tasteful motors to use in promoting our business. We shall furnish a luxurious suite of offices for "The Cause" and we shall have comfortable homes free from any danger other than that of an occasional bomb.

Every country town has its meddler; every government has its lobbyist; every church congregation has its busybody, and many homes have their scolds. Pity the poor politician who must listen and act on the hysterical pleas of the sanctimonious voters who would have this or that suppressed. Pity the poor clergyman who must listen to the bleatings of whining and complaining parishioners who insist that the minister's wife and children set a noble example to the community while their own ill-mannered offspring devise every known form of pleasant deviltry. Pity the poor husband who, after toiling all day to provide his wife with the necessities and luxuries of life, comes home to listen to a raving and scolding night after night.

Tolerance is a beautiful ideal, but how few people have the strength or passive beauty of character to attain it. The pendulum swings to and fro. One of my grandfathers thought it wrong to dance, smoke, or play cards and believed that the Devil's chosen home was in a bottle of spirits. My father curtailed the playing of his children on Sundays until we devised all sorts of quiet mischief which never disturbed the parental nap or aroused his ire. Today children do pretty much as they please, and if they are fine and clean and straight, it is because they have those qualities inately in them and not attached by others.

The dear old ladies of the W. C. T. U. and kindred organizations succeeded in making it an offense punishable by jail or fine or both for us to imbibe in the fruit of the vine. Having almost worked themselves out of a job, they are planning, I am told, to take tobacco away from us. Next it will be coffee and tea, unless they happen to like coffee and tea. We are not allowed to judge for ourselves whether or not plays and cinema performances are fit to be seen. Our lives are becoming so sheltered that before long we shall have lost incentive and initiative and will merely move as automatons at the bidding of the strong-willed reformers.

I for one am tired of having other people try to guide and direct my conduct. If I were in Russia I should grow long hair, hurl bombs and epithets, and reduce all order to chaos. As it is, all I can do is splutter believing in my heart that good breeding is the only secret of producing well-bred people and that no amount of training will transform a cart horse into a thoroughbred.

Our boys' shoes start at \$4.25. They range in price up to \$10, for the shoe pictured above. We sell plenty of both! Otherwise, we would not have such definite notions about how much value must be crowded into a boy's shoe to make it worth \$10. Frankly, this shoe is far better than the average boy needs. But we think that parents who can afford the best for their children, could find no greater satisfaction in any other shoe. But at either price—\$10 or \$4.25—we promise the greatest boy's shoe value anywhere . . . considered in terms of foot-health and "double wear in every pair"

Ghost Stories For Hallowe'en Available at Narberth Library

Whether or not there is any one left who still believes in the "gobble-uns that get you ef you don't watch out," just as often as the last of October arrives, there is a creepy feeling that overcomes one at the mysterious sounds and sights that the nights bring, and the old stories of witches and black cats return with all their fascinating and shivery power. To be prepared for this annually renewed interest in the superstitions of former days, the library has compiled a list of ghost stories which, in addition to being printed in this paper, will be found on the bulletin board at the library. The partial list follows and a more complete one will be found at the library:

"American Ghost Stories," by Harper.
"Ghost Story and Curious Dream," by Mark Twain in His "Sketches, New and Old."
"Rout of the White Hussars," by Kipling.
"Phantom Rickshaw," by Kipling.
"My Own True Ghost Story," by Kipling.
"Thirty Strange Stories," by Wells.
"Nonsense Novels," by Leacock.
Poe's "Tales of Mystery and Imagination."
"Half-Pint Flask," by Du Bose Heyward.
"Jacky-My Lanter," by Harris in "Uncle Remus."
"Plantation Witch," by Harris in "Uncle Remus."
"Good Stories for Great Holidays."

Washington and Sweden Hear of Boro Better Homes

Additional statistics of Narberth's early-summer Better Homes campaign, of which Mrs. Eberhardt Mueller was chairman, have recently been compiled by Mrs. Mueller as follows:

Only two mentions in the nationwide contest went to Pennsylvania. One went to the entire county of Monroe, which worked together; the other went to the Borough of Narberth, in the form of "honorable mention," for its "educational program of outstanding merit and its well-balanced small demonstration, including well-planned and designed house, furnished largely with reconditioned furniture."

Of Narberth's residents, 5946 competed. Attendance at the exhibits and programs during Better Homes week

was 1975. All nineteen of Narberth's organizations participated and had a representative on the Board of Directors.

National headquarters at Washington sent for five views of the demonstration house, to be used in papers and books showing what a small borough can do and what a successful campaign can accomplish. One of the Narberth exhibit pictures went to Sweden to aid a Better Homes campaign there.

School Boys and Girls of Narberth, Take Notice

"Jolly and gay is the funny old clown,
Merriest fellow that comes to our town;
Ev'ryone laughing wherever he goes,
Tumbling about in his comical clothes.
When I am old enough I'll be a clown."

How many times have you sung this in school and wished that you might really see this funny old fellow? Well, you are really going to see him! And, not only are you going to see him and meet him in person, but you are, also, going to meet a lot of his friends, among whom there are "Minnie Spinach" and "Charlie Carrot," two very nice children, to be sure.

Now, look carefully at the date, so you won't forget it. Friday afternoon, October 25. Let every boy and girl be real well and at school that day so that he will not have to miss this big treat which is in store for all the boys and girls.

If you are really anxious to find out more about this exciting event, ask Miss Church and she will tell you all you want to know.

Then, don't forget to thank the following people for their contributions which have made this treat possible: Mr. George M. Dando, Mr. B. Boymel, Mr. Gene Davis, Narberth Board of Trade and Narberth Board of Education.

ON THE GRIDIRON

After outplaying Boston College for most of the afternoon, Villanova's Wildcats were tied in the last two minutes of play, making the final score 7 to 7. Johnny Gillespie was again the outstanding player on the field, his line plunging and off-tackle running being of All-America calibre, according to most reports. Neither team has been defeated since the fall of 1927. Twenty-five thousand people witnessed the struggle.

Haverford College broke into the winning column on Saturday by trouncing Susquehanna 19 to 7, at Selinsgrove. Captain Morris and Simons were the outstanding players for the Haverford eleven.

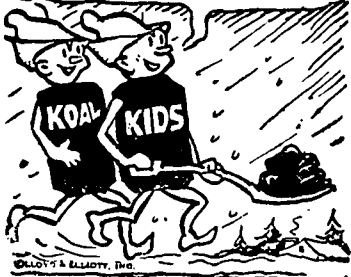

Accurate forward passes swept Montgomery School to defeat at the hands of Penn Charter at Germantown on Friday. The victory atoned for the Wynnewood School's triumph over the Queen Lane eleven last year.

Lower Merion plays Haverford High tomorrow at Ardmore. This will be one of the Maroon's hardest games, and Coach Adam has put in long, gruelling hours this week in order to have his team ready for the test. Haverford has a big threat in Max Forrest, who came up from the Junior High this year. Last season he was one of the best backfield men in the suburbs in Junior High ranks. As he is only a sophomore he should accomplish mighty deeds for Haverford before he is graduated. Haverford won from Collingdale 13-0 last Saturday.

The Lower Merion Junior High School won their second start of the season last Friday by smothering Darby Township Junior High School, 83 to 0, in a football game on the Senior High field. Ryan, Buck, Johnson and Taylor ran all over the field, scoring touchdowns for the Orange and Black.

Radnor did not look so strong last week when they won out over Berwyn by a 7 to 0 score. Berwyn outplayed them throughout most of the game, but did not have the punch to carry the ball over the goal line. The ball was in Radnor territory for most of the time. The Berwyn safety man was the outstanding player on the field and he made the Radnor defense look rather ragged as he ran through them for substantial gains.

The FIRESIDE

By "E"

If you were fortunate enough to be able to drive up the Main Line this week, you must have noted the gorgeous colors of the trees. No two seem to be alike, and with the background of a beautiful sunset—such as we had early in the week—they made a picture well worth going many miles to see. One need not travel out of the town, however, to appreciate the Indian summer colors, nor to hear the loud musical (?) chirpings of many thousands of birds, seeming to have a reunion before parting for the South.

A poet could write pages describing the weather, but we are not poets, so—

Did you hear, among the many things you must have heard around the fireside this week, of the delightful trip Mrs. M. M. Livingston, Chestnut Avenue, and Mrs. Jessie Harris, of Merion Avenue, had in Massachusetts? They were gone for about ten days, and enjoyed perfect weather.

Mrs. J. Raymond Sharp, of Woodside Avenue, entertained the members of her bridge and luncheon club Saturday afternoon at her home. This club has been meeting each winter for about nine years, most of the present members being the original group.

Mrs. E. C. Griswold, 1 Chestnut Avenue, entertained a few friends at luncheon and bridge Tuesday at her home.

Mrs. John J. Joyce, 11 Narbrook Park, gave a small luncheon and bridge party Wednesday afternoon.

Mrs. John Voshell, of Middletown, Del., was the guest last week-end of Mrs. George Norman Gill, of Dudley Avenue.

Mrs. G. Howard Reese, of Hampden Avenue, and Mrs. John D. Warfel, of Holidaysburg, Pa., were in Atlantic City this week.

Mrs. S. E. Jefferis, of Dudley Avenue, was confined to her home this week because of a broken knee-cap, as a result of a fall.

Grandmother Caldwell, of Anselma, Pa., is visiting her daughter-in-law, Mrs. John A. Caldwell, of Elmwood Avenue.

Miss Martha Minnick, of Woodside Avenue, was a guest at a house party in Swarthmore, Pa., last week-end.

Miss Alberta Davis entertained the members of her bridge club Tuesday evening at her home on Iona Avenue, when her guests were Miss Julia Fiti-poldi, Mrs. Frank Keegan, Miss Marie Dunke, Miss Evelyn Reilly, Mrs. Eleanor F. Talone, and Miss Peg Burrell.

Miss Ellen Pray, of Woodside Avenue, who is a student at the Sarah Lawrence College, in Bronxville, N. Y., spent the week-end at her home.

Miss Polly Palmquist, of Narbrook Park, entertained at bridge Saturday evening. Her guests were the Misses Patience Wohlert, Helga Wohlert, Elizabeth Ashman, Eleanor Rowley, and Ruth Hopkins. The Messrs. Richard Kroner, William Dohard, Alvin Westerman, George Hainey, Robert Nelms and Richard Gillis.

The guests who attended the bridge party given Monday evening by Miss Lois Caldwell, at her home on Elmwood Avenue, were the Misses Irma Ruth Minnick, Caroline Sorber, Betty

Purse, Martha Minnick, Ruth Cooper, Ruth Caldwell, and Mrs. Helen Caldwell Watts.

Mr. and Mrs. John Parker Bradley, of Penn Wynne, were guests of Miss Julia Fiti-poldi, of Merion Avenue, at dinner Monday evening. Edward Fiti-poldi has entered the Valley Forge Military Academy as a first classman.

Mr. Henry Hart, of New York, was the guest of his sister, Mrs. Henry Nash, Jr., of Shady Lane, last week-end.

The A. C. Millers, of North Narberth Avenue, spent last week-end in Williamsport, Pa.

Mr. Robert J. Nash, Price and Narberth Avenues, left Tuesday evening for Pittsburgh to attend the State Real Estate Convention. He will return tomorrow.

Abraham Lincoln was right. People do know what they want. It didn't take long for Sparton Radio to jump into instant leadership in our district, once its astounding performance, its amazing face-to-face realism and fidelity became known to those of the great "radio audience."

Hearing is believing!

There are definite, technical reasons for Sparton's sensational rise to popularity. We'll gladly explain them to all interested—but we're sure your ears will tell you more than words. Come in and actually hear the new Sparton Equasonne. We challenge comparison with any radio experience you have had. We know, you too will be equally startled with the new experience that awaits you in Sparton.

Although Sparton is the acknowledged standard of perfection in radio, nevertheless, it is not expensive. There's a model to fit your pocketbook and terms to suit your convenience.

Mistakes Wynnewood For
Narberth, Fractures Arm

October 15.

"Our Town":

Enclosed is a news item for your paper. We felt that the Bryn Mawr Hospital staff is much to be commended for the prompt and efficient way in which this accident case was handled, also for notifying other friends of the injured man immediately.

MARION T. JUSTICE.

Howard Mack, who has been a faithful employee as garden and house man of Mr. F. M. Justice, 1104 Montgomery Avenue, Narberth, for twenty-nine years, met with a serious accident on Thursday. Mistaking Wynnewood station for Narberth, he attempted to leave the train after it had started, and was thrown to the brick platform.

The brakeman stopped the train and called a taxi driver, who took Howard to the Bryn Mawr Hospital, where he was found to have a fractured arm and several broken fingers, besides several severe cuts on the face. He is still under treatment and observation in the hospital.

Women Hear Echoes of Erie Convention

Community Club Gets Report on Biennial Conclave of Clubs.

HEAR WELFARE APPEAL

Echoes of the conventions although a summing up of things past in club programs, in reality brought before the women members of the Community Club present at the meeting on Tuesday, October 22, the stage setting, color and high lights of the Biennial Conclave of the General Federation and the State Convention meeting.

Mrs. N. C. Anderson, in visualizing the Biennial Council, stressed the demonstration that each department on the program gave of the work accomplished. The Department of American Citizenship gave the year's work. "How to secure better officials and greater respect for Government" was answered by speakers advocating citizenship training, law observance, civil service and Americanization.

So through all the departments able speakers, including two Governors—Governor Toby, of New Hampshire, and Governor Allen, of Massachusetts—Dr. B. L. Scott, of the Bureau of Restoration of Pennsylvania, and many others gave information and inspiration to the 1200 women who represented the nearly 3,000,000 club women in the Federation.

Excerpts from the address of Mrs. John Sippel, president of the General Federation, were given in which she asked all club women to look at the common goal toward which all the activities of the clubs, 14,500 in number, in the U. S. A. are moving. Her theme, "A Better Community," stretched out through every unit club to the States and nation and then reaching out to the women of other nations through the international relations department in an effort for the development of personal and friendly contacts, of the social and cultural appreciation which will prevent causes of war and render needless the search for cures.

Spook Stories to Be Told at Story-Hour Tuesday

Stories suitable for Hallowe'en will be told by Miss Marcy Church, librarian, at the Narberth Library 4 P. M. next Tuesday, the library's regular Story Hour. Complying with requests made recently by the children, ghost stories will be told, to send Hallowe'en shivers up and down the spine.

Children aged from 12 to 3 are invited—with their mothers and older sisters for company. The Story Hour, which was inaugurated last April, has become a success, and children come trooping from school every Tuesday afternoon in considerable numbers, bringing apples to eat, and primed in many cases to recite poems to add to the hour's enjoyment.

Trustees Elected

Three trustees re-elected for a three-year term at the recent annual meeting of the Narberth Community Library Association were the Rev. R. E. Keighton, Mrs. Harry A. Jacobs and Mrs. E. C. Drew.

Health Clown to Be at Narberth School

Jolly Jester, Riding His Hobby Horse, to Appear at School Today.

TEACHES HEALTH HABIT

Ride-a-cock Horse to Health and Joy, Follow me, every Girl and Boy!

This advice is given to the boys and girls of Montgomery County by the Jolly Jester, a health clown, who will appear at the Narberth School this afternoon.

The JOLLY JESTER is a magic figure, dressed in a strange costume, who teaches health to children—delightfully, unforgettably. He comes riding his hobby horse straight from Healthland. The children treasure his coming in their memory of memories. It is a gala day. Due to limited seating facilities the school children are the only ones privileged to hear the Jolly Jester.

The JOLLY JESTER makes things live and talk. His hobby horse

The Woman's Home Missionary Society of the Methodist Episcopal Church here will hold a luncheon in the church next Wednesday at 1 P. M.

Golden Wedding

Over a hundred friends and relatives joined with Mr. and Mrs. Harvey D. Narrigan, 101 Woodside Avenue, Wednesday evening to celebrate with them their fiftieth wedding anniversary. Mr. and Mrs. Narrigan have lived in the Borough for 22 years, during which Mr. Narrigan has been associated with civic affairs, serving as councilman at one time. He is in the wholesale and retail tobacco business, with offices in Philadelphia. The couple have two sons, Mr. Harvey D. Narrigan, Jr., and Mr. Clifford Narrigan, and two grandsons.

Complain of Hazard at Narberth Avenue and Pike

Complaints of traffic hazards at the corner of Montgomery Pike and Narberth Avenue were made by members of the Bala-Cynwyd Neighborhood Club at the club's meeting Tuesday night. "There's a traffic light there, but it's turned off at night when needed the most," one member declared. "It should be kept lighted at least until midnight."

Many crashes, some of them serious, have occurred at the spot, due to traffic converging from Narberth Avenue, Sabine Avenue and Old Gulph Road, all at the junction of Montgomery Pike, Narberth.

Prizes For Summer Reading Awarded at Mothers' Council

At the Mothers' Council meeting on Monday evening fourteen children were presented with books as prizes for having completed the summer reading course. The following girls and boys won prizes: Ingeborg Thyssen, Anita MacFarland, Peggy MacFarland, Carroll Palmer, Charles Palmer, Shirley Vincent, Betty Jane Rankin, Charlotte Latch, Louise Sammartino, Frank Sammartino, Margaret Shaver, Rodger Graham, George Esslinger and Virginia Rankin.

Mr. Wetherill's review of the work done on the playground during the past summer made some parents wish that they were children again.

These two interests for the children, the Council feels, should aid greatly to vacation contentment and pleasure.

Rush Chapter, D. A. R., Hears Naval Officer Speak

Lieutenant Commander Samuel Jenkins, U. S. N., was the speaker at the first regular meeting of the Dr. Benjamin Rush Chapter, Daughters of the American Revolution. The meeting was held at the home of Mrs. John C. Nash, 80 Wynndale Road, Narberth. The regent, Mrs. Charles M. Irwin, presided.

Commander Jenkins' subject was "Sea Power." In the course of his talk he pointed out the necessity of a nation's safeguarding its foreign commerce. "The navy here acts as an international policeman," the speaker said. "Total disarmament at this time is absurd. Such talk is based on visions only."

Following Commander Jenkins' talk, Mrs. F. T. Van Auken read selections from Roosevelt's speeches. Mrs. Stewart Anderson read Scott's "Breathes There the Man" and J. G. Holland's "God Give Us Men." Several members of the chapter joined in singing the navy hymn, "Eternal Father, Strong to Save." The program closed with the singing of the "Star-Spangled Banner." Hostesses Mrs. John C. Nash and Mrs. J. H. Miller served refreshments. Mrs. Charles H. Shaw, chairman of the National Defense Committee, was in charge of the program.

Pennsy Easing Curve at Narberth Station

Involves Moving the Eastbound Tracks Forty Inches and Station Platform.

AFFECTS LIVE WIRES

Work was started last Saturday by the Pennsylvania Railroad preparatory to reducing the curve of the eastbound tracks at the Narberth Station.

The curve, which is rather sharp right at the station platform at the south side, will be reduced 40 inches, railroad authorities state.

This will necessitate moving the station platform back a corresponding distance and will also involve moving the overhead wires for the electric trains.

It is expected that the actual work of moving the tracks back will begin on Monday. The shifting of the station platform the necessary distance will not affect the sidewalk leading to the station on the south side nor will it cut down the ground used for parking.

It is thought that faster trains on the inside eastbound tracks and longer local trains had something to do with the railroad's move in easing the sharp curve at the Narberth Station.

New Officers to Be Installed by Post

Mowrer, Jr.; finance officer, Roland Hewitt; executive committee: Harry Simpson, Perry Redifer, Tom Kerrigan, John Nash and Allan Schubert.

Movies of the Memorial Day exercises will be shown at Monday's meeting and refreshments will be served.

M. L. Repertory to Present 'The Circle'

Open Season on Tuesday at Woman's Club of Bala-Cynwyd.

ONE CHANGE IN CAST

The Main Line Repertory Theatre will open its 1929-30 season on next Tuesday evening, October 29, when "The Circle," by W. Somerset Maugham, the noted English playwright, will be presented. This will be the first of six plays to be given by this group. This performance, as well as the remaining five, will be played at the Woman's Club of Bala-Cynwyd, Bala Avenue, Bala-Cynwyd, beginning at 8:30 o'clock.

After a successful season of three programs last year, the theatre decided to place the season on a subscription basis and give six plays this year. A drive is now being made for subscribing members, who are purchasing two tickets for each performance at a price that will enable them to make a saving on the general admission price. Those interested in becoming subscribing members should write to the theatre at its headquarters at Cunningham's Barn, Rosemont, Pa.

The cast for this play is particularly capable, although an accident to one of its members last week necessitated a slight change. Hambleton D. Sheppard, of Cynwyd, who was cast in the role of "Teddie," unfortunately fell from his horse at the Rose Tree Races in Media, breaking his shoulder and two fingers, making it impossible to appear. William C. MacBride, Jr., of Germantown, who has never appeared in a role with this group, but who has had considerable experience with the Plateau Players and other groups, will play the part. Staats Cotsworth, of St. Davids, whose portrayals in other plays last season were outstanding, will be seen as "Lord Porteous," and Elizabeth Barry Cunningham, of Rosemont, will play the part of "Lady Kitty." Christine Wetherill Schillard-Smith, of Philadelphia, appears as "Elizabeth," and C. Ashton McDonnell, of Merion, is cast in the role of her husband, "Arnold." Robert Ely, III, also of

Merion, will portray "Champion Cheyney" and Miss Dorothy Stone, of Cynwyd, will be seen as "Mrs. Shenstone." The part of the butler will be played by J. Dean Joly, of Wynnewood.

The date of the next play is December 5 and "He Who Gets Slapped," by Andreyev, well-known Russian playwright, will be given. Tryouts will be held on Tuesday evening, November 5, and anyone interested in acting is cordially invited by the organization to attend.

Health Clown to Be at Narberth School Today

CONTINUED FROM PAGE 1

discusses the value of oatmeal. Minnie Spinach and Charlie Carrot, two amusingly-devised dolls, talk on the use of vegetables. From the fields comes the call of the cows inviting the children to drink milk. A cackling hen urges children to eat eggs. Coffee and Tea force their entrance, but are banished successfully. Harry, a precocious ventriloquial doll, appears, dressed exactly like the JOLLY JESTER, in immaculate white. Harry reviews the entire health talk with inimitable wit.

The Jolly Jester will make his first appearance at the Narberth Public School at 12:45 Friday afternoon (today) for the younger children. The second performance will be about 2 o'clock for the older boys and girls. The mothers of kindergarten and first grade children are also asked to take

particular notice so that they may send their children back to school for the 12:45 performance. Any further details may be obtained from Miss Mary Church at the Narberth Public School.

Women Are Invited

All Narberth women are cordially invited to attend the twenty-fifth anniversary meeting of the Narberth Branch of the Needlework Guild of America on Wednesday, October 29, in the social room of the Presbyterian Church at 2 P. M. The garments, which are to be distributed to thirty-four deserving charities and hospitals, will be on display. The speakers of the afternoon will be the presidents of the neighboring community branches and Miss Rosamond K. Bender, the national secretary. Tea will be served.

Mrs. Coolidge is authoring, too. Young John is the only strong silent member left in the family.

MRS. ROSE A. HAMILTON

Mrs. Rose A. Hamilton, wife of Dr. William A. Hamilton, of 527 Putnam Road, Merion, died Monday in Jefferson Hospital of pneumonia.

Mrs. Hamilton, active in charitable work and in music circles, was a member of the auxiliary of St. Mary's Hospital, in which her husband is a staff physician. Four daughters and a son also survive her.

Lower Merion Downs Haverford; Keeps Slate Clean

Haverford Is Fourth Victim of Maroon

Lower Merion Gains 6-0 Verdict, Taking to Air to Put Across Touchdown.

PLAY LANSDOWNE AWAY

Lower Merion still remains one of the few unbeaten teams in the suburbs, and while their latest victory, a 6 to 0 win over Haverford High, was not overwhelming, it was satisfactory to the followers of the Maroon and White, for the boys from the neighboring township put up a splendid defensive game.

Lower Merion was doped to win last Saturday by two or three touchdowns and would have, had Coach Adam elected to go into the air to do so. Not a single pass was thrown during the first half by the Maroon forces and the Haverford defense massed close to the line to stop the running plays of Peters, Scott, et al., in a decisive manner.

Finally Keith Parks had to start an air offensive to win. This was easily accomplished as two passes in succession to Warren Lockwood took the ball from the middle of the field late in the third quarter to the seven-yard line. Here the heady quarterback gave the ball to Peters and then to Scott, the latter taking it over the final ribbon with several visitors caressing him around the neck and other portions of his begrimed anatomy. Warren Lockwood's left foot failed by a split inch to shoot the ball through the cross-bars, but as things turned out the extra point was not needed.

Coach Adam's running plays, particularly his off-tackle slants, continue to be very formidable, but these cannot hope to successfully carry the Main Liners through their stiff schedule

alone. Captain Scott, Peters and Mandes run through the opposing lines and batter their way down the field successfully until they reach within striking distance of an opponent's goal line, and then they seem so fagged out that they are unable to punch their way across. Sooner or later one of these boys may be injured and then it will be just too bad.

In Warren Lockwood, the Maroon has one of the best forward pass receivers ever sporting the colors of Lower Merion. This is a generally accepted fact, and you may expect to see him used more often in later games. Pennypacker and Hansell, the other ends, are expert at catching aeriels also, as well as Parks and Peters of the backfield.

The seeming trouble is to get someone to throw them accurately. Neither Peters nor Mandes can throw the ball as far or as accurately as Ernie Mandes, of last year's team. Keith Parks is a good heaver of passes but he does not seem to call on himself to throw them.

Tomorrow comes Lansdowne at Lansdowne's new high school field. Here is a team that is apt to throw passes from the opening whistle to the last. Lower Merion will need a two-touchdown margin to feel safe against this aggregation until the final whistle is blown. They are not so strong as last year, but they are sure to give Lower Merion a bitter battle all the way.

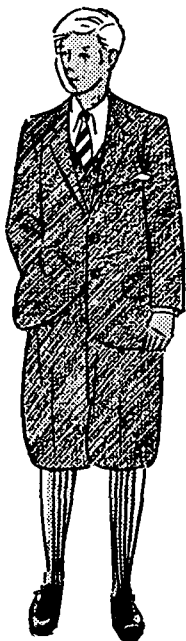

After Lansdowne comes the important battle with Abington, then Norristown, Upper Darby and Radnor. Lower Merion had best tighten up a notch or two in its football belt and knuckle down to brass tacks.

A Bubble Pricked

Many Narberth residents on seeing workmen busying themselves around the station may have decided that the millennium had been reached and that the Pennsy was actually starting work on the long-awaited new station.

Snap judgments as usual are often misleading, as was here the case. The work merely consists of easing the curve right at the south side about two feet. This necessitates moving the station platform back a corresponding distance and causes much of the important-looking but misleading operations.

Despite this disappointment, hope still runs strong that some day Narberth (nee Elm) may be graced by an attractive, modern station. Residents have awaited a long time so they are fortified in their desire.

The P. R. R. really cannot be expected to do much in the way of suburban stations at present when they are in the throes of such gigantic operations as those of the new Broad Street shuttle and the new terminal at West Philadelphia. According to a Pennsy man "in the know" we may expect action all along the line after these major operations are completed. And if Narberth, harboring as it does many high officials of the railroad, does not get prompt attention, then there is no use in having friends at court.

End of a Glorious Season

Honors and interest were reciprocal last night when several of Connie Mack's boys came to Narberth to attend the baseball banquet as guests of the borough. It was a case of champion meeting champion.

For while the Athletics' players ended the season as world's champions after first winning the American League pennant, they were quite curious to see members of the Narberth team, holder of that remarkable record of winning three circuit championships during one summer.

Praise, congratulations, best wishes for the future and baseball talk were lavished upon the banqueteers who drank in the oratory in Elm Hall. And Manager Davis' boys shared equally with their distinguished guests from the neighboring metropolis—for weren't they champions all?

It is just possible, too (maybe we're being carried away with enthusiasm for the Narberth team) that the Athletics might be doing a little scouting as well as eating and speaking. It's a good team that can be called triple champions.

Voting Machines

At a recent meeting of the Board of Trade of Hathoro County Commissioner W. D. Ridgeway spoke on the subject of voting machines and pointed out the tremendous cost of installing them and maintaining them. One wonders if Mr. Ridgeway's remarks reflect the consensus of the entire commission.

The question is not one of opinion. It is one of fact. What have voting machines done in other sections of the country? They have assured a very prompt and accurate count of the voting, hours before such a count could have been prepared by the old and not always infallible system of human election judges. They prevent any sort of dishonesty such as has been known to exist in the past. All possibility of careless error is reduced.

The residents of the Main Line section, who are always interested in civic and political progress, are not likely to be deterred from installing these machines by the pessimistic predictions of old school politicians, but this attitude may not be widespread in the more rural areas of the county. It behooves all those who believe in this more flawless method of reporting the wishes of the populace to defend it against any careless criticism from those who are held by tradition or lack of vision from being aware of its advantages.

George Bernard Shaw is reported as saying that he is tempted to have his head cut off. Well, he should know what's best.

UNCLE CY'S COLUMN

Verse

A good colyum should have verse in it. Every really first rate colyumist should write verse. In this respect I have been very poor, almost a failure, except for occasional warblings about *Old Campaigner* last winter.

The other day a pleasant young friend of mine dropped in and asked me to look over some verses penned by a charming young lady whom I have not yet had the pleasure of meeting. By permission I am reproducing two of her poems here. I know you'll like them, and perhaps she'll let us have more later.

CONFIDENCE

Often, as twilight weaves its gentle spell

And lengthening shadows tell that night is near,

I sit before my fire and who can tell What thoughts and fancies fill my heart, as clear

And deep within the firelight's crimson glow

A vision of your face and form appears;

And, as the memories come flocking, who can know

That that sweet vision is to me more dear

Than life itself . . . that deep within my fire

That pictured face is all of my desire?

* * *

MORNING SONG

Awake and rise!

The morning skies

Are lit with glorious splendor;

Upon the hills

The daffodils

Lift up their heads to render

Their gift of gold to God on high,

While song-birds tell that morn is nigh.

Awake and rise!

Forget your sighs

And tears, for nights of sorrow

Can't tarry long

If with a song

You rise to greet each morrow.

Above the hills the sun is born,

Arise and greet the radiant morn!

There is little doubt that in each one of us burns a vague yearning for artistic expression in some form or other. Perhaps it is in painting, perhaps in writing, perhaps in acting, dancing, or even building a beautiful stone wall. If you are a writer, a poet, or a wit, I hope that you will send in frequent contributions to this column. It will encourage you to see your thoughts in print and may lead to much higher things. Who can tell? Didn't the Uncle find a national audience after nearly three years of banging our dreary columns for you?

What has happened to Faber, to "The Bard of Athensville," Sympatica, Pax, Gene, M. A. D., and all the embattled Prohibitionists as well as the Antis? Step up, folks, and take a hand at writing this column. I want to enjoy reading it some day.

If none of you readers will help soon, I shall write on "How to Be a Successful Columnist," knowing that I have so completely failed. Not even my esteemed contemporary, George W., has attacked me recently. At any rate I'm pleased to see that he has read some of the "Preface to Morals."

It has long been the custom of colyumists to address gathering for an honorarium. State the nature of your gathering in writing and I'll state the fee.

Expresses Thanks

The Junior Circle of the Narberth branch of the Needlework Guild desire to thank the borough fathers for their goodness in permitting the use of the Community Building for their card party and to thank their other kind friends who made possible to fill three layette baskets.

Bernard V. Mr. Pfeiffer has been engaged in gas development work with U. G. I. and associated companies since his graduation from Stevens Institute of Technology in 1910, and has been active in the work of the national association, having served on several major committees.

"Never has the future of the gas industry looked brighter," Mr. Pfeiffer said in accepting the office. "Intensive research work being conducted in various branches of the industry is making it possible to furnish a cheaper produced gas for additional industrial, house heating and other domestic consumption. The trend is toward the erection of large central gas plants and the abandonment of small inefficient plants. Cities and towns throughout the country rapidly are being intercon-

Board's Financial Status Uncertain in the Past

This is the fourth and concluding installment of the report of the Recreation Board of the Borough of Narberth. Financial Status and Relations of the Recreation Board

It is with respect to finances that the functions and relations of the Recreation Board are least definite and complete under the law. Explicit provision is made, it is true (Section 7 of the Act of July 8, 1919, P. L. 784), for financial support of the work which in other sections of the same act is entrusted to the Recreation Board, if established. "All expenses incurred in the operation of such playgrounds, . . . etc. . . . established as herein provided, shall be payable from the treasury of such . . . borough . . . or school district," still further, the Act provides: "The local authorities . . . having power to appropriate money therein, may annually appropriate and cause to be raised by taxation such tax, not to exceed two mills on the dollar of assessed valuation of taxable property in such . . . borough . . . or school district, for the purpose of maintaining and operating" recreation facilities.

The missing link in the act is one which would definitely place the control and expenditure of money thus appropriated in the hands of the Recreation Board. The law does not specify precisely how the expenditures authorized under the act, in the discharge of the responsibilities of the Board, shall be handled. That the Board has the power to incur expenditures is implied in its power to employ workers and to equip, operate and maintain recreation facilities of all kinds, but the exact procedure for payment is not specified.

The procedure followed by the board in the past, and its own implied interpretation of its powers and responsibilities, have varied from time to time.

At first, at least as long as proceeds of the original bond issue for the Windsor Avenue grounds were available, the board clearly assumed authority to enter into contracts and to incur expenditures on its own account and submit the bills to Council for payment without further formality. It is recorded in the minutes of the board that such and such a bill was "approved and ordered sent to Council for payment." Council was "notified" of the employment of various individuals and requested "to make arrangements for the payment of the salary." The power to contract independently for the expenditure of funds was also exercised as late as May, 1927, in the construction of the grandstand, apparently the contract having been made in the name of the board, before specific appropriations had been made either by Council or the School Board.

During most of the last few years, however, the board has followed an-

other plan, namely, to reach an agreement with School Board and Council, by which those bodies respectively took over both management and financial responsibility for specific parts of the program, the Recreation Board incurring no expenditures on its own account and having no part in the definite determination of what expenditures should be made. On this basis, the School Board employed and paid for recreation supervisors for the summer months, and bought certain equipment for the playground, in its own discretion; Council paid for the upkeep of grounds and buildings at Windsor and Wynnewood Avenues, and made special appropriations for specific improvements.

From time to time, a change in this policy was apparently considered, in the suggestion of an annual budget, for all or part of the activities under the board's jurisdiction. Thus, in 1923, a committee was authorized to draw up a budget for maintenance for 1924. There is no record of such a budget having been adopted. Again, late in 1926, the board submitted an estimate to Council, requesting that the amount of \$1200 be included in the Borough's annual budget for 1927. There is no record of action taken on this matter.

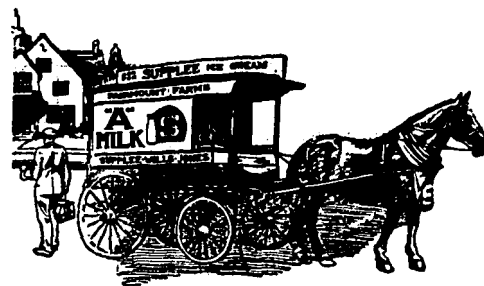

Conclusions and Proposals.

It is the judgment of your committee that effective functioning of the Recreation Board, under the terms and in the spirit of the law and of the resolution of Council creating the Board, must be based upon a definite understanding among all concerned as to its powers and responsibilities, and a

definite plan of action, in accordance with that understanding. Such a plan is herewith submitted.

(Note: The conclusion of the board's report was published in "Our Town" for September 27, 1929.)

Fellow in Chicago after being caught climbing a ten-foot fence to watch a lot of girls in bathing in a pool set up the plea that he was insane. Hard headed judge held that was perfect evidence that he was sane.

Presbyterian Young People Form Mixed Classes

Editor "Our Town":

The young people's class of the Narberth Presbyterian Church would like you to print the following notice: Any young person who does not attend the meetings of the "Young Men and Women's Class" of the Narberth Presbyterian Church is surely missing something.

The mixed class idea is an innovation which has aroused great enthusiasm among the young people of Narberth. It is the answer to a long-felt need among the young people. Its primary purpose is the application of the Bible truths to our daily lives. This study is most ably directed by Mr. Harris.

Among the activities planned for the future are: a party on Halloween night, athletic nights in the gym, hikes and camp fire parties.

Even though the class has practically doubled, we are just getting started, so young people if you are interested in joining a livewire organization don't fail to show up next Sunday at 9:45 A. M. at the Narberth Presbyterian Church. If you come once you'll always come.

Thanking you in advance,

Yours sincerely,

E. N. MERKEL, JR.

Girl Scouts Exhibit

Girl Scouts, including many who are members of Main Line troops, have taken two store windows in Philadelphia for Welfare Week, and are demonstrating the various joys of girl scouting to the passerby. On Tenth and Chestnut Streets, in the Philadelphia Gas and Electric Building, is a most interesting picture of what the girls can do in the home; and at Eighteenth and Chestnut are shown many things of interest, all tending to a well-rounded womanhood—using a sewing machine, washing machine, ironing and cleaning house. Each day the girls are attracting much attention. MRS. V. J. ZELOV.

Offer New For Old

New, electrically recorded Victor records are available. "with no strings attached," to owners of old ones, according to an announcement made by the Victor Company through the J. Richard Shryock Company, 233 Haverford Avenue, Narberth dealer. "The public is under no obligation to buy," R. J. Threlfall, Shryock manager, declared yesterday. "At no cost whatever, persons owning old, mechanically recorded records may bring them in and exchange them, at a credit of ten cents per record, for new records."

"The reason the Victor Company is making this offer through its dealers, from October 28 to November 9, inclusive, is that it wants to relieve the market of the old records, and have the public become acquainted with the new, improved recordings."

It's ready to serve when you buy it!

Another big stroke has been accomplished in the trend toward saving time and effort for the housewife. Instantly bread becomes a more important item in your home.

The children will eat more of this body-building food. Toast becomes an added delicacy because these perfect slices toast to an even golden brown. Dinners and parties become more frequent and enjoyable because the chore of preparing sandwiches has become as nothing.

Place Sliced Kew-Bee Bread at the head of your grocery list for tomorrow: You'll like it so well that Sliced Bread will become the regular thing in your home.

Fresh too! You will be amazed to find that this new bread remains sweet and fresh as long as any uncut loaf. Follow our instructions by keeping the wrapper folded over the open end of the loaf. (You already do this with the uncut loaves you have been buying)

Sliced Bread is the greatest single development in the entire history of the Baking Industry. We consider it a privilege to be able to invite you to buy a loaf and try it. That you will like it immensely and continue to use it, we take for granted.
